DISCLAIMER

I am working on a project that generates a code from UML class diagram with the help of my course teacher Mr. Naeem ur Rehman. It will be submitted as my visual programming semester project.

I Javeria Noor declare that at the end of semester I will have no concern with my semester project idea and code developed by me. At the end of semester it will be property of Mr.Naeem Ur Rehman (my visual programming course instructor). I will not be legally authorized to use this idea and project or sell it in future. I can work on it only within the timespan of current semester.
